Lutheran Social Services of Illinois (LSSI) continually improves its Group Homes for People with Intellectual and Developmental Disabilities in your community.

Adults with moderate to severe intellectual and developmental disabilities live in these older homes, along with 24/7 LSSI staff. Each resident has their own bedroom with shared kitchens, living areas, and bathrooms. LSSI also provides recreational outings and connections to day programs.

State funding helps support the costs of caring for residents but doesn't cover capital improvements as the home ages.

Please help improve the quality of life for our residents with intellectual and developmental disabilities by making a gift to support ongoing renovations, repairs, and updates. Your generosity makes a real difference and helps make a house a home!
